**DISCLAIMER:**

Each of our garments look as if they have been dyed by hand, making each unique and one-of-a kind.  
 Any inconsistencies in the dyeing process are not considered flaws, but enhance the beauty of the garment dye effect.

This is particularly true of our SAND-WASHED (SW) colors.

Sales Reps & Buyers should be aware that no two garments will look alike, which is the true beauty of the sand-washed dyeing process.

These garments have the slightly faded look of a favorite garment that has been washed and worn 20 times or more.
